

TREATY SCRAPPED SAY GERMANS

By Telegram to The Freeman.
Berlin, March 9.—From the Communist organ, Rote Fahne (Red Flag) to the Monarchist newspaper, the Deutsche Zeitung, the German Press today viewed the advance of the allied armies on the Rhine as "cancellation of Germany's obligations under the Treaty of Versailles."
"The Entente has formally begun a new war having torn up the peace treaty with the mailed fist as though it were a scrap of paper," said Voerwaerts, official organ of the German Socialists.

"The tearing up of the peace treaty is a historical fact," said Rote Fahne.

Voerwaerts compared the military operations of Marshal Foch with the violation of Belgium by the ex-kaiser in 1914.

"The Versailles treaty is torn up and from this moment all German obligations under the treaty cease," said the Deutsche Zeitung.

A great diplomatic council is to be held here in a few days.

The German ambassadors at London, Brussels and Paris have all been ordered to return to Berlin to take part.

Chancellor Fehrenbach, in an address to the Reichstag, said that the advance of the allies brought a solemn hour to Germany, but it was impossible to state the situation fully until Dr. Walter Simons, the foreign minister, arrived from London.

TWO BITS A NIP.

Vendor Dispenses Hooch From Hot Water Bottle.

A new hooch vendor appeared in William street, Newburgh, at the extreme south end—on Saturday night. He had a hot water bottle partly filled with stuff purporting to be whiskey, which he peddled among the foreign element at 25 cents a nip—small nips. The rubber bottle had a small hook attached to its neck. This the man hooked into the inside of the sleeve of his overcoat, which made it hang without a bulge beneath his left arm. At the bottom of the bottle there was a small pot cock which had been vulcanized in place, and through this the hooch passed into a metal cup about six times the size of a thimble. The man did a rushing business until a policeman came into view, after which he suspended operation until the cop had passed out of sight. It is said, by a man who "blew two dollars" with him, that he made five trips into the district with his novel hooch container. He was a stranger in Newburgh, but could speak the Polish language fluently.

ULSTER PARK.

Ulster Park, March 9.—Dr. James Winfield of Brooklyn is visiting his sister, Mrs. Jennie Story, who has been seriously ill but is improving.

Mrs. Ernest Eckert and little son of Poughkeepsie are spending some time with Mrs. Eckert's parents, Mr. and Mrs. L. Magley.

Mrs. Edwin Redfield of Lockport who has been spending several weeks with her mother, Mrs. George M. Kenasch, left Sunday for New York city.

Miss Ruth Cole of Prattville spent the week end with her parents here. George Allen of Lloyd visited S. T. Van Alen one day last week.

The extension school held in Odd Fellows' hall Monday, Tuesday and Wednesday of last week under the direction of Cornell University was largely attended and much interest manifested. The pruning demonstrations were held in the orchards of William Schryver and Edmund brothers.

Mr. Greiner and party of friends of New York city spent the week end at the Greiner summer home here.

Ernest Eckert of Poughkeepsie spent Sunday with relatives here.

S. Perry, a former resident of this place, called on friends here Saturday.

HURLEY.

Hurley, March 8.—On Friday last, while John Cole, road commissioner, was busy in West Hurley, his horse becoming tired of the long wait, broke loose from the fastening and started for home. The horse with remnants of the wagon appeared in the village, while Mr. Cole was obliged to walk home, none the worse, however, for his experience beyond the loss of the wagon.

While loading hay on a wagon, on Friday last, Charles Snyder suffered a painful accident. The hook which he had placed in a bale of hay pulled out so that he lost his balance and fell from the top of the wagon to the floor, breaking a couple of ribs and receiving numerous bruises as well as a general shaking up. The accident might have been more serious, if the fall had not been broken. Dr. Van Wageningen is in attendance.

The Local Union of the Christian Endeavor Society will meet with the Hurley branch at regular Sunday evening service, March 13.

Let Doctor Name the Baby.

Perhaps more often than one realizes the family doctor has a deciding influence in the naming of the baby. Many instances might be related by observant nurses, but this one may suffice:

The doctor breezed into the room on the morning after, and on the spur of the moment asked cheerily: "Well, how is Elizabeth Ann looking to-day?"

"Elizabeth Ann is quite well and apparently contented," answered the nurse. And Elizabeth Ann, as an old hand at the game, so pleased the doctor and mother that Elizabeth Ann she will remain to the end of her days.

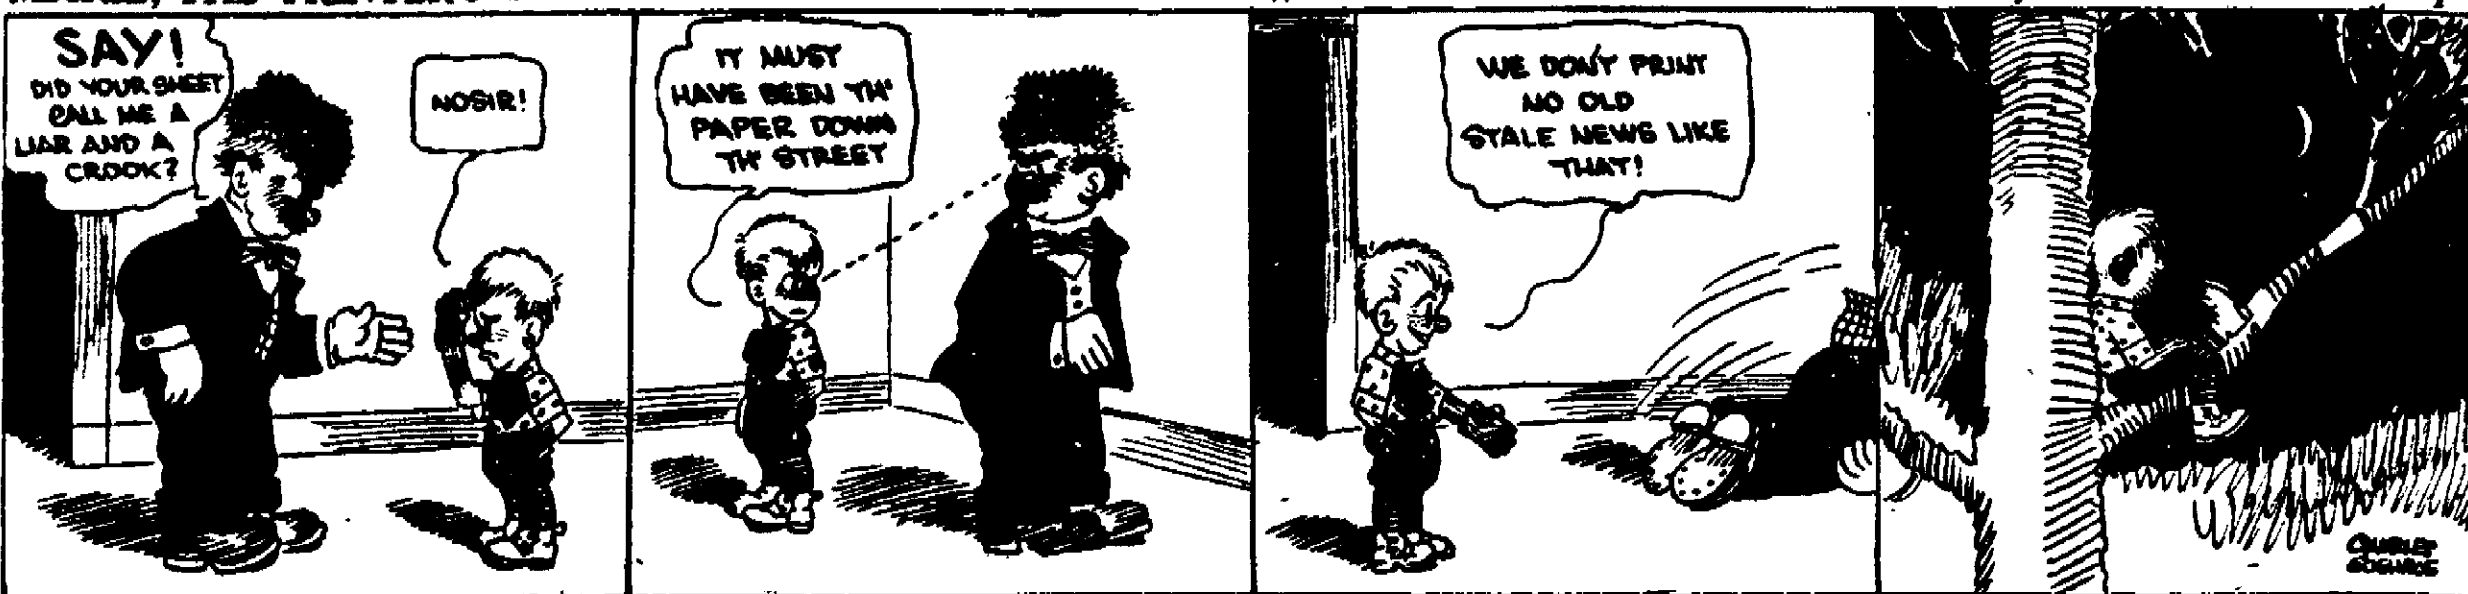

There is a Thomas James on Long Island and an Alfred Henry in Mount Vernon who received their names in that way.—New York Sun.

SELF-HELP AND DISABILITY.

Major Cranston Writes Letter to Legion Weekly.

Major William J. Cranston has written the following interesting letter to the American Legion Weekly:

To the Editor:

Admitting there has been an unbelievable slowness in passing on claims and getting compensation to the disabled veterans, there is another side of the story which we should not fail to study.

The disabled man himself often will not try to establish his claim, even after he has been repeatedly told just what it is necessary for him to do, even when he does not have to leave his home town to do it, and when he has nothing else whatever to do the whole day long.

I have myself instructed some men several times regarding the same thing and then had their papers go in incomplete because they simply would not take the trouble to complete them.

In a number of cases of seeming neglect and injustice, I think we should find a large percentage of this character. We are apt to forget that all that the man who finally passes on the case has to base his decision upon is what appears on the papers, and the examiner's statement that the trouble is due to the service would hardly be expected to be taken as conclusive evidence without some other evidence at least remotely bearing upon this conclusion.

It is a well known trait in human nature that men who ignore all necessary requirements will talk the loudest about being abused and neglected. We should try to help all disabled men to understand that they must do all they can to facilitate an early decision on their cases. It would seem to me that if we continue to throw stones at our government, we not only weaken our cause in the end, but we also sow a crop of discontent and feelings of rebellion, whose harvest we should much dislike to reap or shoulder the responsibility for sowing.—William J. Cranston, M. D., ex-Major, M. C., 27th Division, Kingston, N. Y.

OUR DAILY PATTERN.

A Dainty Double Set.

Pattern 3194 supplies the style here illustrated. It is cut in 4 sizes. Small, 32-34; medium, 34-36; large, 36-38; extra large, 38-40 inches bust measure. A medium size will require 2 1/2 yards of 36 inch material for the skirt and 1/2 yard of 22 inch material for the cap.

LAKE, active, handkerchief hem, crepe, silk, satin, crepe de chine, crepe, rayon, flannel and semi-flannel are suitable for this style.

A pattern of this illustration mailed to any address on receipt of 12c in coin or 1c and 2c stamps by the Pattern Department, The Freeman, Rochester, N. Y. Be sure to state the size wanted.

SHANDAKEN.

Shandaken, March 8.—Mrs. Mason Goswami who has been very sick is slowly improving. Dr. Keator of Fleischmann's is the attending physician.

Those confined to their homes by illness are Mrs. Ella Coons, Mrs. H. B. Benson, W. Blakeslee and Mrs. D. T. Minter.

Miss B. K. Hunt, our primary teacher, is boarding at Mrs. F. S. Osterhoudt's.

The Ladies' Aid Society met at the Church Hall on Wednesday, March 2. On account of the absence of the president, Mrs. W. D. Coons, election of officers was put over until the first Wednesday of April. It was voted to pay fifteen dollars towards renovating the district parsonage at Kingston. Mrs. Harry Johnson and Mrs. Ira Olmstead served the women with a delicious lunch.

Mrs. Hiram Whitney of Kingston spent the week end with her mother, Mrs. Ella Coons.

Mrs. R. Livingston who has been ill is improving.

The Rev. W. B. Chandler of Bloomville occupied the pulpit of the M. E. Church on Sunday and was the guest of C. E. Wood.

Mr. and Mrs. G. M. Beckman spent the week end in Kingston.

Church services next Sunday, March 13, sermon with the sacrament of the Lord's Supper at eleven o'clock. Sunday school at ten and Christian Endeavor in the evening at seven thirty. Esther Rieley will lead at this service.

SEAGER.

Seager, March 9.—A dinner for the benefit of the W. C. T. U. was held at the home of Mrs. Elizabeth Fairbairn on Saturday. The regular business meeting was held at 2.

Miss Eva Mead began her school duties again on Monday after three weeks' vacation on account of measles.

Leo Graham and LeRoy Todd visited at Shandaken Saturday evening. Mrs. Nelson Graham spent Thursday night with Mrs. J. Frank Fairbairn at Arkville.

George Armstrong, Sr., is ill with erysipelas. Dr. Keator is attending him.

Robert Fairbairn returned to Bartholomew, Ohio, on Thursday, after spending two weeks with his parents here.

FINANCIAL AND
COMMERCIAL

By Telegram to The Freeman.

New York, March 9.—There was little change in trading conditions at the opening of the stock market today. Dealings were quiet with prices generally confined to fractional changes. The important movements, however, were to lower figures. United Fruit was again in supply, dropping 1 1/2 to 38 1/2. American Smelting was another weak issue, dropping 1 1/2 to 38 1/2. Crucible dropped over 1 point to 31 1/2 and held over after selling up to 32 1/2. Steel Common rose to 31 1/2.

The stock market showed a steady rise throughout the morning and although a few specialties were subjected to pressure, the leading issues were unchanged. Steel Common yielded from 31 1/2 to 31 1/4, while Baldwin dropped from 33 1/2 to 33 1/4, and then came back to 33 1/2. Lard Oil was in supply, falling over 1 point to 17 1/2, while Mexican Petroleum rose 2 points to 15 1/2. Royal Dutch was in demand, making a gain of 2 points to 42. General Motors was sold in large blocks, falling to 12 1/2, equaling its low record of last December. Standard Oil rose 1 point to 40 1/2. The railroad issues were heavy, Northern Pacific dropping one point to 79 1/2.

The stock market closed steady today; government bonds were unchanged; railway and others steady.

To Write Good English.

To be able to write good and pure English, one must habitually read and sympathize with men and women who write English of this character. Any young student who reads and enjoys Goldsmith, Jane Austen, Walter Scott, Macaulay, Frothingham, Stevenson, and other writers of similar rank will certainly come to this to write good and pure English himself. —Hastings.

Dependability a Great Asset.

"Make yourself dependable and you can count on your being indispensable to any one you like. You will be the first one your employer will wish to part with and the first that he will promote to greater responsibilities." —J. Ogden Arrows.

Becoming Overpopulated.

Johanny, who already had two young children, had been promised a baby brother, much to his delight. When the occasion day arrived the same told him the stark had brought another darling baby sister. Poor Johanny was disappointed. Shortly afterwards his father found him alone in his bedroom and asked him how he liked his new sister. "Ah," said Johanny, happily, "It's getting too crowded around here!"

Business of Power.

When our Senators were crowned the Chinese were reading their great old paper delivered from the bars of the gateway way or of heaven's breath. The story is repeated in the English history book.

Grown With Harmonium.

Wreckless had the drum on a musical instrument for lack of harmonic overtones. From India comes the description of a drum the parchment head of which is loaded with an adhesive composition containing finely divided iron. Each composition has a central circle. Around the edge a second ring-shaped membrane is secured and the effect of the beating is to produce good harmonic overtones.

Aerial Photography in Spain.

Aerial photography has covered the last week's field. Now, if you wish to buy a suburban residence, a downtown property or a country house, you can go to a broker's office and examine, probably with a reading glass, a most interesting and accurate aerial photograph of the neighborhood that you have in mind. The aerial picture may quickly bring the customer to a decision, either to see the property or to look elsewhere. It saves time and the expense of long and often fruitless trips. —Earth's Companion.

THIS "ANGEL" WAS A KITE

But Superstitious Railroad Men Who Shot It Down Was Certainly Saved for a Time.

"The shooting," says a Texas man, "occurred some years ago on the Panhandle branch of the Santa Fe, and the hero of the tale was a superstitious engineer who believed in 'warnings.'"

"One night he was riding along at a good speed, when he saw a great white light, like a will-o'-the-wisp, hovering over the track a few hundred feet in front. He shut off steam and came to a stop as quickly as he could. The conductor and train crew came running up to the engine to see what was the matter."

"There is some one bringing a lantern down the track," said the engineer, and the crew went ahead to investigate."

"We don't see anyone," reported the rear brakeman, and the engineer yelled out again, but he went slowly, and in a few minutes stopped again. The crew went ahead once more to see what was the cause of the light. The conductor, who was a good shot, drew his revolver, and at his second shot there was a crash, a scream, and the light went out, and something white came floating down from the clouds."

"The engineer was scared. 'You've shot an angel, sure,' he said to the conductor, with a face as pale as death."

"Investigation brought out the fact that a small boy, with a lantern tied to the tail of a kite, was the cause of the trouble; but for a long time it seemed the engineer to be asked about 'warning angels.'"

"What's Gonna?"

Well's here is a curious corruption. The Greek word for "warning" is "phos." The Greek word for "kite" is "phos," but by a blunder the "r" was dropped and the word became "phos," which is Greek for "well."

JAPS RUNNING THINGS IN SIBERIA

By Telegram to The Freeman.
Washington, March 9.—Japanese troops in Siberia have practically assumed the role of an army of occupation and daily are increasing their activities, according to reports in the possession of the state department today from its representatives there.

The reports submitted by some of these observers go so far as to urge the United States to initiate immediate steps to get the Japanese out of the country.

The Japanese are interfering with the operations of the railroads and in one instance refused to permit the distribution of railroad supplies purchased by the allies, according to one of these governmental reports received in the last day of the Wilson administration and turned over to the new administration.

On several occasions, it is reported the Japanese refused to permit the railroads to pay their men north of Iman, resulting in confusion and delay in operation.

Chinese officials at Nikolai have made serious charges that the Japanese are interfering with their pacification work. According to state department reports, Chinese brigands operating in the district, were arrested by Chinese officials but later were released by the Japanese. It is further charged that many Chinese brigand raids have been made with the full knowledge and consent of the Japanese.

The only favorable report in the last few weeks stated that Japanese officials promised to discontinue the practice of requisitioning property in occupied territory. Several projects have been made against this Japanese practice by American representatives.

COMMITTEES FOR BENEDICTINE BALL

Dr. Mary Gage Day, president of the Auxiliary of the Benedictine Hospital and chairman of the ball at the Armory on the night of Easter Monday, reports all committees the right people in the right places and with their leaders are working hard to make the dance a big event and the smartest of the season's entertainments. The sale of tickets is large, beyond expectation. All the old patrons and many new ones are generously responding to the solicitations of those working under the direction of Mrs. N. D. J. Hayes and the Benedictine nurses, Miss Leonard, Mrs. William Glass, Miss Crough, Miss Hagelweide, Miss O'Brien, Miss H. Burns, Miss Dora Burns, Miss E. Post, Miss L. Gappe, Miss Cassidy and Mrs. John O'Leary. Big receipts may be expected from the sales made by this attractive committee, whose booth will be one of the most alluring at the ball. The names of Mrs. Edgar Shultis and Mrs. John Larkin have been added to the publicity committee.

TEN BROECK'S WAY

Of Doing Business Noted in Trade Journal.

Under the caption, "Druggist Limits Business to Drugs and Succeeds," the Goodrich Druggist, published at Akron, Ohio, in its March number prints the following pertaining to a well-known Kingston druggist: "No corporation; no trust; no combination; no dry goods, groceries, hardware or flannels; but everything in the drug and medicine line" reads an advertisement by Charles C. Ten Broeck, 322 Wall Street, Kingston, New York.

"Although his policy has been at variance with the general policy of druggists who have deemed it necessary to take up many lines of miscellaneous sundries, Mr. Ten Broeck has been a very successful druggist. He established his business in 1890. In December 1914, he retired, but desiring to remain active in the business in which he had been actively engaged for so many years, he resumed business in April, 1917."

As was stated in The Freeman last week Mr. Ten Broeck has sold his store property and business to Aaron and Raphael Cohen, but is still at the store assisting the new owners in running the store.

DR. KANE'S RECOVERY QUICK

Surgeon Performs Major Operations
Two Weeks After Removing His
Own Appendix.

By Telegram to The Freeman.
Kane, Pa., March 9.—Two weeks from the time Dr. Evan O'Neill Kane, of this city, removed his own appendix, he returned to the operating room and performed a lengthy major operation. His rapid recovery attests his remarkable vitality. Details of the self-performed operation have been learned since the patient has left the sick room and disclose the fact that his work was even more wonderful than was at first reported.

"The experiment was worth while, fully worth while," declared Dr. Kane today, but declined to make any further statement, referring the question to his colleague and surgical assistant, Dr. D. E. Vogan.

"Whatever his judgment prompts him to give out will be satisfactory to me," said Dr. Kane.

Dr. Vogan outlined the points gained through the operation as follows:

First, ease with which local operation could be done.

Second, can be done without any severe pain.

Third, pain more due to traction and rough handling of parts than to incision.

Fourth, local anaesthesia must be used in peritoneum after incision had been made through skin and muscles, as this is the most sensitive area.

Fifth, any surgeon not too obese with a fair degree of skill could do such an operation on themselves.

The operation is even more amazing when it is stated that in addition to making the incision and removing the appendix Dr. Kane did the larger part of the sewing in closing the wound. His brother, Dr. Tom Kane, commenced the work of closing the wound and had taken but a few stitches when the patient took the needle from his hand and began to sew as unconcerned as though he were splicing a belt.

Dr. Vogan gave the details of the operation in substance, as follows:

"Like the riddle of Columbus's egg, the operation proved a simple affair after being tried out. The time occupied was about thirty minutes from the commencement of the incision until the completion of the operation, or removal of the appendix.

This time could have been considerably shortened if Dr. Kane had apprised me and our staff in advance in order that each assistant might have known what individual role was to be allotted to him in the novel undertaking.

After the skin had received its final preparation he mapped out with an applicator dipped in iodine a line upon the surface to indicate exactly the place and direction in which he proposed to cut. This was about three and a half inches. He then incised the skin with an anesthetic mixture which he injected with a hypodermic needle, forcing it in several places down into the abdominal wall. Then Dr. Kane took a razor, for he prefers this instrument to a scalpel for making long and deep incisions, and cut down until he reached the covering of the bowels—the peritoneum.

He was sliced through with a small

knife and scissors.

"After reaching the bowels and locating the appendix Dr. Kane directed me to draw it well up out of the wound and hold it there with a pair of forceps. His appendix was inflamed and swollen and contained two large concretions. Naturally, its owner was highly delighted, for he had ocular proof of the necessity for removing the organ.

"Dr. Kane then chose the place preferred by him for tying off the blood vessels which supply circulation to the appendix and passing a needle through between these and the appendix made sure of no danger from hemorrhage by firm ligation. Next he took up the scissors and cut off the appendix and with an especial thread and needle device of his own invented or turned in the stump safely out of danger from contaminating the wound.

"The points of peculiar interest to Dr. Kane and the surgeon present were brought out by him and emphasized as the work progressed. These were chiefly relative to the locations of pain during incisional manipulation of the viscera. The surgeon-patient verified several claims already made by surgeons and physiologists as to the relative sensitiveness of the parts in and about the field of operation, as also the degree and nature of pain pertaining to each the places to which their manipulation transferred the distressing sensation.

"Dr. Kane has been on his feet more or less every day since the operation and fourteen days after it was in his operating room and performed there a serious and lengthy major operation. He has entirely recovered, the wound having united firmly without separation."

How People Die in India.

A return of the number of inquests held by the coroner of Bombay during 1910 gives us some very interesting particulars. Among the "suicide" we find that six cut their throats, 28 drowned themselves, four hanged themselves, 15 jumped out of windows, 20 took opium, arsenic or some other poison, four shot themselves and eight burned themselves. Drowning, therefore, took pride of place last year, whereas self-poisoning was the favorite method of quitting life in 1918, there being 21 cases reported. Other suicidal practices mentioned in the report are stabbing and the act of knocking one's head against a wall. No one has favored either of these methods during the past two years, however.

UNIONS CONFER ON PACKERS' ACTION

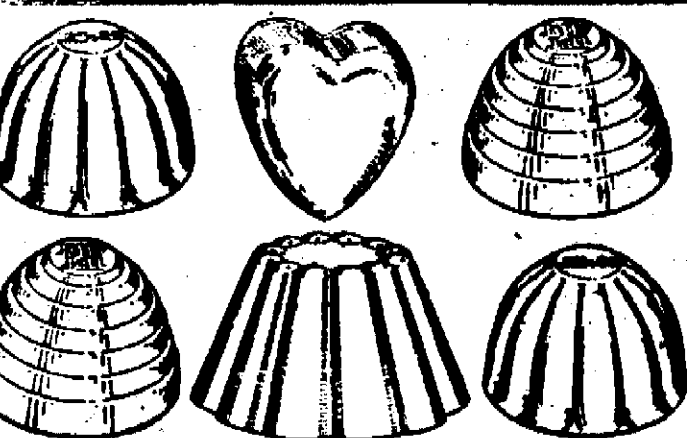

By Telegram to The Freeman.
Omaha, Neb., March 9.—Strike clouds hung over the representatives of packing employees throughout the United States, as the gathering assembled here today. A labor dispute that may involve 300,000 employees in the packing industry may result from the two-day conference that opened this morning.

At the opening of the conference that they will insist upon the packers continuing to observe the arbitration agreement under which wage disputes have been adjusted for the past year or more. The packers recently withdrew from this pact known as the Alabaster agreement. The union contended that the agreement is legally in effect, with one year after the expiration of power. Withdrawal by the packers, they contend, is a violation of an agreement made by the government.

Approximately 100 unions are represented at the conference here. The meeting will be in session today and tomorrow. If no action is decided upon, it is believed that the question will be submitted to the membership of the various unions for an immediate vote.

Don't make the mistake of going without fruit in the morning. Most of us don't have fruit enough and there is no time when it is more beneficial than on the first course of breakfast. Having fruit for breakfast is largely a matter of habit. If you get out of the habit of it you can find no breakfast complete without some sort of fruit.

Pay No More Wages. Statisticians of unskilled's subsistence, including young children and old persons, and taking into consideration the fact that nowadays there are no laborers and the factories are idle more and more than ever before. The average American worker during the 24 hours by the week, except the children of unskilled labor, is paid \$1.00 to \$1.50. The government and the employers pay more for their labor than that. So that the farmer, through the use of the tractor has taken the place of the laborer of agricultural work of the South.

One Set Free

To the users of Jiffy-Jell

Users of Jiffy-Jell are entitled to dessert molds. Above is a set of six individual molds. The six will serve a full package of Jiffy-Jell.

Send the coupon below, with six trade-marks cut from Jiffy-Jell packages, and set of six will be sent postpaid.

If you have this set, write for our catalog of plant models, measuring cups, measuring spoons, dessert spoons, etc. They are all free to Jiffy-Jell users.

The best dessert Jiffy-Jell is the quality dessert. It is the only quick gelatin dessert with the flavors sealed in glass.

The fruit flavors are not artificial. They are condensed fruit juices, in liquid form and sealed. There's a bottle in each package.

The flavors are abundant. Each package contains the

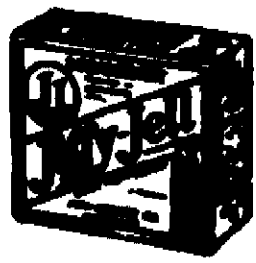

same from a great deal of ripe fruit. So Jiffy-Jell is rich and fruity. It is so much better for the children.

No extra price Jiffy-Jell sells at pre-war price—as low as it ever sold. It costs no more than like desserts with the flavors in dry form. So all this extra quality costs you no extra price.

Get it for the children's sake. It is the fruit that makes these desserts so beautiful and delicious. Get the real fruit, not a mere fruit taste.

Make no mistake Be sure you get Jiffy-Jell. That's the only way to get these bottled fruit-juice flavors.

Get an assortment—have it on hand. Then cut the trade-marks from the package fronts. Send them to us for this set of molds.

**DUREY TO AGAIN
BE COLLECTOR**

Irwin to Be Succeeded By Man Who
Held Job Before Him, Says Glyn
—Many New Appointments To Be
Furnish.

Cyrus Durey, of Green Lake, is to
be the new collector of internal
revenue for this district, according to
George A. Glyn, Republican state
chairman. Mr. Glyn was in Albany
Monday and went to the capitol to
look after legislative matters. Asked
who would succeed Mr. Irwin, he
said that Mr. Durey has the sup-
port of many representatives.

Collector Irwin has conducted the
office since September 14, 1914. He
succeeded Mr. Durey, who is now
said to replace him. There was no
income tax to collect when Mr. Irwin
took office. Since that time this has
been added to the duties of the of-
fice and now there are 176 jobs with-
in the gift of the internal revenue
collector.

It was said recently by Mr. Irwin
that he was willing to give up the job
as soon as his successor qualifies.
He said the incumbent will earn his
money. The office handles about 60-
000 tax returns and paid into the
government in the neighborhood of
\$9,000,000. Albany is one of the
big revenue collecting districts of the
country.

The salary of the employees range
from \$1,400 up to \$6,000, the col-
lector's salary. Many of the appoint-
ments to be made by the new collec-
tor will be permanent for the new
law provides that civil service list
of eligibles be used. Of the 176 em-
ployees, sixteen are protected by the
civil service.

DISABLED MEN BEING CARED FOR

An exceedingly interesting letter
has just been received from Miss
Helena Clearwater, who is spending
her last weeks of training as an
army nurse at the Walter Reed
General Hospital, at Washington, D.
C. Miss Clearwater tells of the
elaborate plans being made by the
colonel, for the coming graduation
in May of his "blue children" as he
calls the "blue nurses." He is plan-
ning to make this graduation of
the first big class of these nurses
since the war a matter of national
importance.

But perhaps even more interesting
is the account of some of the work
being done for our disabled men,
especially what is known as "plas-
tic" work, or the practical remak-
ing of shattered or wounded or dis-
figured faces and heads. A small
snap-shot was included in the letter
showing one man, now quite normal
looking, who has a plastic nose and
cheek. Another smiling chap has
osteomyelitis of the jaw, the walls
being only paper thin, who had bone
grafting done a week before the pic-
ture was taken. A third has a plas-
tic chin and ear, but suffers the loss
of one eye, yet smiles from the pic-
ture.

A fourth, Sergeant O'Rourke, is
however, the prize patient as he is
the prize man as far as decorations
are concerned. In this country. The
pleasant faced sergeant, six feet
four inches tall, has the most deco-
rations of any man in this country,
having been decorated by every
allied country. He had the nose
chipped and inside of the mouth shot
away, and now has his head almost
entirely made over. Still he has no
sight in one eye; no hearing in one
ear; paralysis of the left arm; an
amputated leg; and had mustard
gas burns. After being dreadfully
wounded, he crawled to a fellow
comrade and brought him to safety.
The picture showed but a few of the
interesting cases, hundreds of whom
are being cared for, made over if
possible, given every human chance
at this hospital. This shows what
can be done: what is being done,
and therefore what should be done
for all of our disabled men.

GLASCO

Glascow, March 8.—Leo Pold re-
turned from Staten Island Wednes-
day somewhat improved in health.

Mrs. Thomas Hancock and her
granddaughter, Mrs. C. A. Schinnerer
of Brooklyn, are visiting the Fuller
house on Delaware street.

The Rev. and Mrs. Charles Ed-
ward Hewitt went to Andes Satur-
day, where he preached Sunday.
From there they go to Arkville.

The midweek meeting of the M.
E. Church was held at the home of
Mr. and Mrs. Franklin Brandy.
Thursday evening. An interesting
feature of the meeting was the rec-
itation of the children's creed and
the singing of three songs by Miss
Louise Teitler, Master Edward
Brandy and Master James VanAlm.

Mrs. John Seitz entertained sev-
eral of her young friends Thursday
afternoon and evening in honor of
her birthday.

Mr. and Mrs. Jesse Burger and
daughter have returned from Rhine-
beck.

George Ed Boshilker of New York
spent Sunday with his mother.

George DeGroat has purchased a
new Oldsmobile.

The Rev. Frank Deitz of New
York was the pastor in the Metho-
dist Church Sunday.

Miss Althea Everts of Gardiner
was a guest of Miss Nellie Mulvihill
at Mrs. Van Wart's over the week
end.

A chimney fire at Mrs. Van Wart's
caused some excitement Sunday
morning. A few firemen were called
and soon extinguished it.

Tony Orrio and family have
moved into one of the Andrew Lows
houses recently purchased by Frank
Ferraro.

periods the emitted light falls off about
25 per cent, according to the Electrical

ULSTER BIBLE SOCIETY'S WORK

Captioned "An Auxiliary at
Work." "The Bible Society Record,"
official monthly organ of the Ameri-
can Bible Society, in an editorial has
this to say of the Ulster County Bible
Society:

"The annual report of the Ulster
County, N. Y., Bible Society con-
tains matter of more than usual in-
terest. The president of the society
is the mayor of Kingston city. He
has given time not only to preside
over the meetings and help direct the
affairs of the auxiliary, but also to
speak in different churches and com-
munities in behalf of this important
work. The auxiliary suspended op-
erations during the period of the
war, but resumed activities on July
19, 1919, and took up again a county
survey of religious conditions. So
far about 25 per cent of those of
school age have been found not to
be attending Sunday school, and to
be receiving little, if any, religious
instruction, and this only as re-
gards the Protestant community.
Right in this old well established
section of the Empire State, twenty-
seven entire school districts were
found without any religious service.
The main business was taken up at
the afternoon session of the annual
meeting, when the reports of the
treasurer and secretary were given.
The evening session was presided
over by the auxiliary president,
Mayor Palmer Canfield, Jr., who, in
his address set forth the objectives
of the society which are worthy of
repetition here and may be a sugges-
tion and stimulus for others:

1. A Bible in every house.
2. A Bible in the hands of every
young person of school age.
3. A Bible in every hotel guest
chamber.

4. A Bible in every state room of
every passenger steamer plying be-
tween Kingston and New York and
Saugerties and New York.
5. A new supply of Bibles for our
disposition.
6. A supply for the Industrial
Home.
7. A supply for our county jail.
8. A supply for the Eastern N. Y.
Reformatory at Napanoch.
9. A supply for the Home for the
Aged.
10. A Bible in every Pullman
coach operating regularly between
Kingston city and other places.

The present need is at least 1,000
copies of the Bible."

STONE RIDGE.

Stone Ridge, March 9.—There
was a good congregation last Sunday
morning in the M. E. Church, and
the sermon delivered by C. E. Usher
was listened to with great interest
and appreciation. An interesting
missionary program was presented
in the Sunday school by Miss Dor-
othy Pallen, Miss Pauline Pallen and
Miss Nellie Eckert, with Mrs. Ralph
Sahler leading in the music at the
piano. The full appointment of
the Sunday school for the year on
the centenary fund was met, the
collections going over the top by
several dollars. Next Sunday morn-
ing there will be services as usual.
Bible school at 10 o'clock and
preaching at 11 o'clock. The pastor
will be present, if not, there will be
a substitute preacher to occupy the
pulpit.

Preparations are being made for
Easter exercises to be given by the
Sunday school at the Easter evening
service in the Methodist Church.

A Girl Scout troop is being orga-
nized under the leadership of Miss
Carrie Muller. A number of the
girls of the town met last Saturday
afternoon at the Muller home for
this purpose. All girls of early teen-
age should join.

On Wednesday afternoon there is
to be a meeting of the Ladies' Aid
Society at the home of Mrs. Oscar
Wood to plan for a supper and so-
cial to be held in the lecture room
on Friday evening, March 18.

Miss Bessie Turner, who is attend-
ing high school in Ellenville, spent
the week end at home.

Mr. and Mrs. Earl B. Ellis made a
trip to Cortland last week, being
called there owing to the illness of
Mrs. Ellis's father.

Mr. and Mrs. John Pallen and
daughter, Helen, spent the week end
with relatives in Middletown, N. Y.

PETROGRAD A DESOLATED CITY

By Telegram to The Freeman.

Chicago, March 9.—Russia is a
nation in ruins. Its cities are deso-
late and half-deserted. Its industry is
dead, its money worthless. Its peo-
ple are occupied mainly in keeping
life in their bodies.

This is the tragic story brought
back from Europe by G. T. Pingree.
Mr. Pingree learned the truth of the
Russian situation from Otto Trepp-
lin, a German, who has lived in
Russia since 1900 and is now man-
ager of a joint stock bank operated
under the Red dictatorship.

"Petrograd, once one of the most
splendid cities in Russia, is now
only a ghost of its former self,"
said Mr. Pingree. "Trepplin told
me that its people have disappeared,
no one knows where. Factories that
once employed 5,000 men now have
200. Few shops remain open. For
miles along the business streets
stores are nailed up and vacant,
their empty show windows suggest-
ing so many gleaming death's heads."

"Once wealthy persons stand on
the street corners and sell their last
belongings for food. The purchasers
are soldiers, sailors, commissioners,
who are selling classes, and specula-
tors and traders. Little money
changes hands. The sellers demand
food or clothing. An extensive but
secret trade in jewels is carried on.
These gems have been looted from
the palaces of the old nobility. They
are as good as money. Fortunate the
man who has a diamond. It repre-
sents one of the few stable values in
the universal wreckage. It is a per-
manent asset whose value remains
practically the same in all countries
of the world."

ALLABEN.

Allaben, March 8.—Alonso Win-
nie of Ashokan was a guest of Mr.
and Mrs. Peter Winnie last Sunday.

Mr. and Mrs. George Beckman
were in Kingston the week-end.

Mr. and Mrs. Charles Clearwater
returned home last week Tuesday
after an extended visit in Union Hill,
N. J.

Mr. and Mrs. John Lafferty and
son of New York were guests of
William Lafferty last Sunday.

The congregation of the Shanda-
ken M. E. Church is giving the Rev.
S. E. Sargent a reception this Satur-
day evening at the church hall, from
seven until nine o'clock. He has
just returned from England where
he has been spending the winter
months with his mother. Everybody
is invited. Refreshments will be
served.

George Gulnick, Jr., and Willard
Gulnick motored to Kingston last
Saturday.

Mr. and Mrs. R. Keays motored to
New York last Thursday and return-
ed Sunday.

Jay Hand and his mother, Harriet
Hand, have recovered from the
measles.

Mrs. P. J. Berry and daughter,
Patricia, were in Kingston last Fri-
day.

Master Harry Bock, Jr., gave a
birthday party last Saturday to his
little playmates. The decorations
were bluebirds, and a large birthday
cake with the candles. All his little
friends voted him a good entertainer.

Mrs. Ella Coons who has been
quite ill, is recovering.

Abram Wood, Madalin Townsend
and Watson F. Van Keuren were
guests of G. F. Van Keuren last Sun-
day.

E. J. Colwell, Sr., who has been
quite ill, has recovered.

Mrs. Alfred Peck was a guest of
Mrs. Peter Winnie last Monday.

The committee on refreshments
for the Irish costume ball on Wed-
nesday evening, March 16, will meet
with Mrs. R. F. Pearall Tuesday ev-
ening.

Mr. and Mrs. Abram Rider enter-
tained a few friends last Saturday
evening. All enjoyed a game of pin-
ocle.

Mrs. H. B. Benson has been confin-
ed to her home by a severe cold.

BLOOMINGTON.

Bloomington, March 8.—The
Ladies' Missionary Society will meet
at the home of Mrs. Schulhoff at
Creek. Looks on Thursday at 2
o'clock. New members and visitors
gladly welcomed.

The clam chowder sale which was
postponed on account of bad weather
will be held this evening. Supper
will be served from 6 o'clock until all
are served. There will be an enter-
tainment given during the evening.
Ice cream for sale. If stormy, first
fair evening.

Christian Endeavor meeting at 7
o'clock. Topic "What is Real Re-
ligion?" Jan. 1:19-27; John 17:3.
Leader Miss Edith Meik. Everybody
welcome.

Mrs. C. Thomas of Wallkill re-
turned to her home on Friday even-
ing after spending a few days with
her sister, Mrs. George Hoffman.

FOURTH RINSEWATER.

Fourth Rinsewater, March 8.—
The residents of Fourth Rinsewater
and vicinity, turned out in goodly
numbers on the evening of March
8th, to witness the singing of the
cantata in charge of Miss Carr,
of Kingston, the teacher at the third
district school, was given. There
was instrumental music and the play-
let "Miss Tabitha Doing Her Bit" was
presented by a cast of young people
most artistically. All those taking
part showing much histrionic ability
and the commendation of opinion of those
of critical knowledge who witnessed
the entertainment was that many of
the players gave considerable evi-
dence of much professional skill.

Thousands Know the Cleveland As "The Better Car"

The Cleveland Six gives all, in every-day, year-around performance, that you could ever hope for from the car you choose, and gives it in full measure. It combines so many good qualities that it has earned a wide preference among discriminating purchasers. These qualities have established the Cleveland's position as "the better car" in the field of light sixes and fours.

Alive With Power

The exclusive Cleveland motor, designed by the Cleveland company's own experienced engineers and built in the company's own works, is the most highly refined of the overhead valve type. It is alive with power. Quiet, pliant power which

answers promptly to your every request. Featuring the Cleveland chassis, too, are long, underslung springs which wipe out the road bumps, positive brakes which add immeasurably to safety and an ease of control which is a pleasure to the driver. On this chassis you have the choice of four attractive bodies.

WORLD STILL SHORT OF STEEL

By Telegraph to The Freeman
London, March 8.—"In spite of the fact that there is at present a severe depression in the iron and steel industries of the United States and Great Britain there is a serious world shortage of iron and steel products," said Sir Robert Hadfield, the well-known steel magnate, in a recent speech.

"The depression in the United States," he continued, "has been accompanied, according to reports from New York, with the heaviest cancellation epidemic in the history of the industry."

"America's shortage of steel rails alone is estimated to be twelve million tons, this being what is required to bring the railways into a normal condition. This represents about 123,000 miles of single track and if met at the rate of two and a half million tons a year for five years would prevent the United States from catering on a large scale for the world's markets."

Sir Robert made some very trenchant remarks on the subject of foreign competition, particularly on the recent allegations that America and France were uniting to oust Great Britain out of the markets of the world.

"Great Britain," he said, "does not fear fair and honorable competition, and we do not ask for coddling of any kind which would take away that incentive to just and honest work. As regards the so-called arrangement between France and the United States it is all moonshine."

Judge Gary, head of the United States Steel Corporation entirely dissociated himself and the immense association he represents from any such attempt and, in addition said he considered that if people generally would try to produce more harmony between classes conditions in the world would soon return to a more satisfactory basis."

FARMERS NOT YET BANKRUPT

Last Year's Crops Were Sold at a Figure Far Below 1919, But Were 100 Per Cent Above 1914 Figures.

By Telegraph to The Freeman.

Chicago, March 9.—The American farmer is far from bankrupt. Latest government statistics show that his actual buying power has been greatly underestimated. These statistics of the United States Department of Agriculture which are being closely studied show that the products of 1920 were worth 100 per cent more than in 1914.

They place the value of the 1920 farm crops and of farm animal products and animals sold and slaughtered at \$19,856,000,000. Since this is over \$5,000,000,000 below the 1919 value, the popular theory has been to figure it all as loss to the farmer, without regard to how much of it is merely a "paper loss."

The government in one tabulation takes the five-year period 1914-18 as 100. On this index the relative value of all crops in the United States was 2 per cent higher for 1920 than for the average of the five-year period. Leading grain exchange men point to the figures as still further proof of the unfairness of attacks on professional organizers who have sought legislation which agricultural leaders, farmers and grain men told Congress would destroy the economic functions of the exchanges.

BOMB PETROGRAD FORT.

Rebels at Kronstadt Use Airplane Against Soviets.

By Telegraph to The Freeman.

London, March 9.—The fort at Bystrabek, one of the works defending Petrograd, has been bombed by an airplane from the fortress of Kronstadt, which still was in possession of the rebels at last reports, according to an Exchange Telegraph dispatch from Copenhagen today. The dispatch added that street fighting has been occurring at Petrograd and that the insurgents captured large areas.

NEW LIGHT-SIX SEDAN

— the World's Greatest Light Weight Sedan

SUCH quality as you find in the NEW LIGHT-SIX SEDAN at its remarkably moderate price is possible only because of great resources, manufacturing experience and knowledge of body building.

In its quietness of power and freedom from vibration this LIGHT-SIX SEDAN sets new standards in closed car comfort. Distracting noises and discomforting body vibrations have been eliminated.

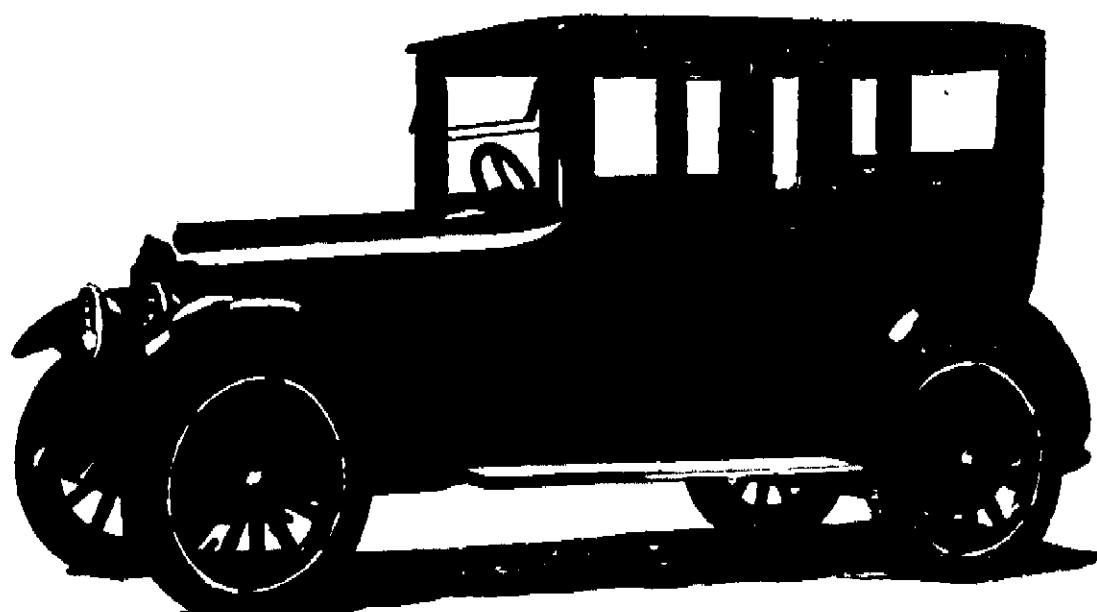

You save from 20 to 25 per cent when you buy the NEW LIGHT-SIX SEDAN, for you get the benefit of economies made possible by complete manufacture in the new modern \$20,000,000 plants of Studebaker in South Bend. Middlemen's profits are eliminated on castings, forgings, stampings, motor, axles, transmission, frame, body, top and other vital parts—and quality is absolutely assured.

Come in and see this wonderful car — the world's greatest light weight Sedan. We are ready to demonstrate and make deliveries.

BUSINESS GOES ON IN RUHR

Few Hours After Allied Troops Arrive Inhabitants Have Apparently Forgotten All About Them—No Hostility Shown.

By Telegraph to The Freeman.

French Military Headquarters, Neuse, Germany, March 9.—"Those fellows have excellent uniforms," remarked a German ex-soldier with interest, as he had gazed upon a patrol of French soldiers swinging through the streets of the occupied city of Dusseldorf.

The German's companion, who also had seen service in the World War, eyed the French critically and replied:

"Fine equipment, too; ready for anything."

Then the two Germans apparently forgot all about the French army of occupation and went about their personal affairs.

"Business as usual," seemed to be the motto of all the Germans not only across the Rhine in Dusseldorf, but in the other two occupied cities in the Ruhr district—Duisburg and Ruhrort.

Crowds of German men, women

and children, greeted the British, French and Belgian troops everywhere. The allied troops were discussed more like visitors than invaders.

"There are no Americans among them," remarked a German in Dusseldorf, after viewing the various contingents of allied soldiers. This was said in a matter of fact way, with no trace of hostility against the allied troops already on the scene.

The German children were particularly interested in the newcomers. They crept up close to the soldiers inspecting them and their equipment with round-eyed interest. But they scampered away when the soldiers took notice of them. After a time, gifts of chocolate began to pass into small grimy hands and it looked as though an Entente cordiale was about to be established with the younger generation.

During the evening the occupation of the three German cities had become "old stuff" and the townspeople paid no attention to the soldiers they encountered in stores or shopping tours.

There are between 3,000 and 4,000 allied troops in Dusseldorf counting patrols that are on duty on the outskirts. The original contingents were subsequently reinforced.

French, British and Belgian sentries paced the streets during the

night and stood guard on the bridges.

General De Goutte, commander of the French army of occupation who visited Dusseldorf accompanied by General Gaucher, is apparently well satisfied with everything he has found there.

The Reichswehr at Dusseldorf were taken by surprise by the swiftness of the allied movement. They left the city just as the allies arrived.

Taxpayers' Ass'n Tonight.

The Kingston Taxpayers' Association will hold a meeting tonight at Measter's Hall, when it is expected a preliminary report will be submitted by the committee on the gas tax question. Other matters will be brought up for discussion, and it is hoped that there will be a large attendance of members and that application from many taxpayers for membership will be presented.

Fred Barringer Arrested.

Tuesday afternoon Chief of Police Wood and Sergeant Hanley located a farm on the Rosendale road where they found Fred Barringer at work and placed him under arrest on a charge of failing to support his family. Barringer spent the night in the county jail and will be arraigned later in police court.

DAIRYMEN ARE SIGNING FAST

On Thursday, March 17th, all of the directors and county presidents of the Dairymen's League will meet in the headquarters office at Utica to plan a final whirlwind campaign to have every member of the Dairymen's League an opportunity to sign the cooperative contract and to be in line with his fellow dairymen when the actual operations under the new contract begin.

With 13,000 contracts already signed and on file in the Utica office, and with therefore only 7,000 more to obtain before the organized dairymen go over the top in one of the most remarkable campaigns ever conducted in country communities in the east, the directors have stated that actual operations under the contract will soon begin, possibly by April 1st.

WILSON HAD BALANCE LEFT

By Telegram to The Freeman. Washington, March 9.—Former President Wilson spent but \$114,712.91 of the \$150,000,000 allotted to him by congress for war purposes, according to the accounting which was rendered to congress and which was made public today. The accounting was prepared by F. M. E. Secretary of the Treasury.

SOVIETS CRUSHING COUNTER REVOLT

Out of the mass of rumors and contradictory reports that filtered through from the Russian frontier today, the following seemed to stand out as real facts:

1. The anti-bolshevik rebels were still holding the fortress of Kronstadt, and some of the Baltic fleet.

2. Soviet troops under command of Leon Trotsky and General Brannikov were in Petrograd and apparently were in control of most of the city.

Quiet has been restored at Moscow, where the counter revolutionary movement seems to have subsided. Lenin remains at Moscow.

George Tchitcherine, the foreign minister in the Russian Soviet government, in a private radiogram to Riga reported that quiet has been restored at Petrograd. This was not borne out by unconfirmed news agency advices from Helsinki.

These dispatches said that heavy firing was in progress at Petrograd and that the rebels had bombed a fort with an airplane.

No further news of disorders has come from Odessa.

A report was circulated among Russian refugees at Zurich that Grand Duke Michael, brother to the late czar, had joined the anti-bolshevik campaign of General Semenov in Siberia. General Semenov has recently returned to Siberia from Japan, where he took refuge after his army was defeated last year.

Panama Must Evacuate.

By Telegram to The Freeman. Washington, March 9.—The United States will insist that Panama evacuate the territory which has been the cause of the recent troubles with Costa Rica before this government takes any steps to negotiate for a final settlement of the difficulties, it was indicated at the state department today.

NEW JERSEY MAN IN AUTO MISHAP

John Gluck, real estate agent of Union Hill, N. J., sustained a broken collar bone and other injuries when one of the wheels on the automobile in which he was riding flew off while rounding a curve on the Kingston-Saugerties road Saturday night.

Mr. Gluck was on his way to his summer home at Palenville. When the wheel flew off the car made a sharp turn and ran into a pile of stones along the side of the road. Mr. Gluck who was driving was thrown from the car. A party of autoists bound for Kingston offered assistance and word was sent to the Forsyth & Davis garage here to send its wrecking car. The wheel was replaced and the run was continued to Palenville despite Mr. Gluck's injuries.

"Bill" Hart Denies.

By Telegram to The Freeman. Los Angeles, Cal., March 9.—Los Angeles has not "lariat" "Bill" Hart yet. At least, so says the famous hand and cowboy of the screen today, in emphatically denying his reported betrothal to Miss Jane Novak.

Cover-Van DeMark.
Philip S. Cover and Miss Lillian Van DeMark both of 37 Emerick street, were united in marriage Saturday evening, March 5, by the Rev. G. M. Cranston, of the Clinton Avenue M. E. Church. They were attended by Mr. and Mrs. Alton C. Cover, cousins of the bride.

Lowell Club.

Miss Fuller was the hostess of the Lowell Club this week. The afternoon was devoted to a round table, "Other Makers of Fiction in England." The first division, which included those authors born prior to 1850, was led by Miss Baker. The authors considered were "Ian MacLaren" (the Rev. John Watson), William Watson, Andrew Lang, Austin Dobson and in this part of the program Miss Baker was ably assisted by Miss Fuller. Mrs. Schoonmaker and Mrs. Van Leaven. The second division, which included the authors born since 1850, including Zangwill, Oppenheim, Sinclair and Dickens, was led by Mrs. Boston, who had to assist her very cleverly Miss Rineley. Mrs. Steiner and Mrs. Fessenden. Next week the club will meet with Mrs. Cole at her home on Clinton avenue.

Insolvency.

The insolvent woman is a serious menace to the reputation of womanhood in general. She says she is tired and does nothing. In fact, she is usually all theory and no practice. Therefore, for the good of her soul, it behooves all women to ask themselves if they are insolvent. Insolvent is a fatal hindrance to the character of a woman or professional woman. For it does away with the reliability which is necessary to success.

LOCAL DEATH RECORD.

Recent Deaths and Funerals of Persons in This Vicinity.

The funeral of Henry Bell was held from the West Shokan Baptist Church Sunday. The services were attended by the many friends who are saddened by the untimely death of this young man.

Frederick Beckett of Saugerties died Tuesday morning at the tuberculosis hospital in this city. He is survived by a wife, two children, a mother, two sisters, and a brother. The body was taken to the home of the deceased in Saugerties.

Julia C. Krom, widow of Edward I. Sammons, died early this morning at the home of her stepson, Harvey C. Sammons, 19 Smith avenue. She had been ill in health for some time. The funeral which will be private will be held Friday afternoon. Interment in the Rosendale Plains cemetery.

Moses Newland, well known and highly respected citizen of this city, died Tuesday night after a lingering illness. He was a son of Theresa and the late Sigmund Newland. For a number of years Mr. Newland was engaged in the wall paper business in New York city. He retired a few years ago and came to this city to make his home. He was a member of Rosdout Lodge, No. 242, F. and A. M., and possessed a host of friends who will regret his death. He is survived by his mother, he is survived by three sisters, Mrs. David Waterbahn and the Misses Eda and Della Newland, and two brothers, David and Simon Newland. The funeral will be held from his late residence, 195 Pearl street, Friday afternoon at 2 o'clock. Interment in Watervliet cemetery.

Social Pleasures

Pleasure is one of the great blessings of human life, both for its own sake and for its direct influence on character; it therefore demands not contempt or indifference, but thoughtful recognition. It is not pleasure, but something else that may sometimes be associated with it, that needs guarding. It is not pleasure, but something else that may sometimes be associated with it, that needs guarding. RUSH DRY BILLS IN LEGISLATURE

By Telegraph to The Freeman.
Albany, N. Y., March 9.—Governor Miller's three state prohibition enforcement bills were favorably reported to the senate today by the judiciary committee.

The bills are now to be rushed through both houses, canvases of senate and assembly Republicans last week showing necessary votes for passage. Practically all of the New York city Republicans and many from up-state cities, however, will join the Democrats in voting against them. The measures were scheduled for passage in the assembly today but will not be acted upon until Tuesday.

HARDING REVIVES COLOMBIA TREATY

By Telegraph to The Freeman.
Washington, March 9.—Ratification of the Colombian treaty was strongly urged by President Harding in a special message to the senate today.

Beyond disclosing this fact, Senator Lodge of Massachusetts, Republican leader and chairman of the senate foreign relations committee in charge of the treaty, declined to discuss the president's message.

The message was said to have been short and to the point. Senator Lodge said the message would not be made public today.

The Story of Our States

By JONATHAN BRACE
I.—DELAWARE

TO DELETE THE HONOR OF BEING THE FIRST OF THE ORIGINAL THIRTEEN STATES. December 7, 1787, it officially adopted the Constitution and thus was made a beginning of our present Federal government. According to the seventh article of the Constitution, however, it was necessary for nine states to ratify it before it actually came into force. So it was not until the following June, by which time eight other states had accepted the Constitution, that the United States of America actually came into being.

The early history of Delaware was a varied one. It started in 1638 when a small party of Swedes settled at the mouth of the Delaware river and called it New Sweden. In 1663, Peter Stuyvesant, the governor of the Dutch colony of New Netherlands, annexed this territory. But it did not long remain Dutch, for in 1684 the English took possession. When Pennsylvania was decided to William Penn he desired access to the seacoast and at his urgent request Delaware was transferred to Penn's proprietorship. From the beginning of the eighteenth century, however, Delaware had its separate legislature, and at the time of the Revolution it became an independent state.

Delaware is next to the smallest of our states, having an area of only 2,487 square miles. Its participation in presidential elections is limited to three electors. This is arranged according to population. Each state is entitled to the same number of presidential electors as it has members of congress, so the influence of the different states in voting for the President varies from Delaware's three electors to New York's 45.

As to the derivation of the name Delaware, this was appropriately given to the state from the river, which in turn was named after the bay and the bay was called Delaware in honor of Lord Delaware, who was governor of the Virginia colony in 1610.

HOW SAVINGS & LOAN ASSOCIATIONS OPERATE

For The Borrower

Any person of full age may become a member and borrower. Application for a loan and application for membership may be made at the same time, and a borrower must subscribe for one share of stock for each \$200 he borrows.

LOANS UP TO 80 PER CENT.

Money is loaned at the monthly meetings, on security of first mortgage on dwelling house property and may be either upon a building already erected or upon one to be built. The legal maximum of loans is 80% of the appraised value of house and lot, but the average loans are 70% to 75%.

REPAID IN MONTHLY PAYMENTS

The borrower repays his loan by paying \$1.00 a month on each of his shares, until they are "matured," which requires, according to our experience, 144 monthly payments, or \$144, for each \$200 borrowed. His loan is then cancelled and the mortgage satisfied. The borrower also pays his interest in monthly installments, and of course, the taxes and insurance on his property, as they become due.

BORROWER SHARES IN PROFITS.

It is apparent, therefore, that a borrower, receiving \$200 and paying back approximately \$144, receives the benefit of \$56 profit on his share, thus making a Savings & Loan mortgage economical and a profitable method of borrowing.

AND BECOMES A REAL HOME OWNER

But, perhaps, one of the best features of these loans is that eventually the member owns his home "free and clear," while experience shows that by far the greatest number of those who borrow from other sources, never pay off their mortgages, and never become real "Home Owners."

The monthly payments required by Savings & Loan Associations (principal and interest) is seldom much, if any, in excess of the amount the borrower would have to pay a landlord for rental of the same character of property.

IS HIS OWN LANDLORD

The borrower, therefore, is practically his own landlord, with the distinct advantage that while he is paying off his loan, he is also occupying his house which has become in fact his home and his castle.

MORTGAGE DOES NOT HAVE TO BE RENEWED

Savings & Loan mortgages do not have to be renewed from time to time, and so long as the borrower makes his monthly payments he cannot be disturbed or called upon to move or to pay off his mortgage any faster.

Borrowers have the privilege, however, of paying off their mortgage in full, or in part (at least \$100 at a time), at any time they desire to do so. If your property is now mortgaged and you want to pay it off in easy monthly payments, or if you wish to buy or build a home, it will pay you to investigate and use the Savings & Loan method of loaning.

RULING HITS DRY LAW HARD

Decision of Williams Holds Government Can't Limit Non-Beverage Sales Nor Limit Production Permits.

By Telegraph to The Freeman.
Washington, March 9.—A sweeping decision which will liberalize interpretations of the Volstead dry law, was made public by Revenue Commissioner Williams today. The decision which throws into the discard several existing regulations, was the last ruling drawn by A. Mitchell Palmer before retirement as attorney general.

The ruling, which among other things, that the government has no power under the prohibition law, to limit the quantity of liquors of whatever kind, manufactured or sold for non-beverage purposes. It was further declared that certain rules proposed to limit the number of permits for the production of such liquors should be "an amendment" to the law itself and are invalid.

Would Let Women Work.

By Telegraph to The Freeman.
Albany, N. Y., March 9.—Every avenue of employment would be open open to women if the legislature passes a bill offered it today. The measure puts women on an equality with men in all occupations and provides equal compensation for like work.

CAPPER AFTER GRAIN GAMBLERS

By Telegraph to The Freeman.
Washington, March 9.—The country's flour supply "is running low and the output of the flour mills is 25 percent less than it was a year ago," Senator Capper, Republican of Kansas, said, in announcing today he would renew in the new congress his fight to stop unrestricted speculation in wheat and farm products.

The reason stocks of flour are dwindling and that flour mills are running only on part time, although the people are consuming more flour than ever, is that the grain gamblers have created an erratic, excitable, nervous wheat market, Senator Capper said.

Senate Votes N. Y. Probe.

By Telegraph to The Freeman.
Albany, N. Y., March 9.—The senate this afternoon by a vote of 27 to 18 passed the Burlingame bill, which directs creation of a commission to investigate the New York city charter with a view to reorganization of city departments and re-entrustment in municipal expenditures.

And Make It Snappy.

Postmaster Buttrick has received a letter with no name and address on it. He would like for the person it is intended for to please call and get with in five days.—Arkansas Times Out

ODDS AND ENDS.

The Women's Guild of the Church of the Holy Spirit will meet to sew Thursday afternoon at 2:30 o'clock at the home of Mrs. Charles Mackey, 60 Brewster street.

The Sewing Circle of the Lutheran Church of the Redeemer will hold a cake sale Saturday afternoon at the meat market of Samuel J. Messenger, 458 Broadway.

Wreck in South.

By Telegraph to The Freeman.
New Orleans, La., March 9.—The locomotive and nine coaches of the Memphis-New Orleans Express on the Illinois Central Railway were derailed at Galloway, Miss., near Vicksburg, early today, according to early reports received here. Physicists and nurses were rushed to the scene. No word has been received whether there were any fatalities.

Chinese Feast Park Supreme. The Chinese are ahead of the world in the preparation of roast pork for the table. After it has come out of the oven, it is hung in the smoke of various aromatic herbs, which gives it a delicious flavor and robs it of the porky taste which is offensive to some palates.

STELLE ONE OF
BEST SWORDSMEN

Holds Junior National Championship

With Sabre, Second Place With Foil, and is One of Three Best All-Around Swordsmen.

Edward T. Stelle, Jr., son of Dr. E. K. Stelle of this city, is now, according to reports in the New York newspapers, one of three best all-around swordsmen in America, having professional teachers of swordsmanship. About three weeks ago Mr. Stelle, in a contest at the New York Athletic Club, became junior national member champion. A week later he took second place in the contest for the national foil championship and a few days ago in the Senior National Tourney in sword play, foil and duelling sabre he took third place. He has six medals that have been awarded him in athletic contests. As success in swordsmanship depends not only on brute strength, but on quickness of thought and perfect co-ordination of brain and body, Mr. Stelle's record is most enviable, although it is no surprise to those who knew him in his school days at home in Kingston.

Having passed his final examinations at Columbia University a term ahead of his class, Mr. Stelle is now taking the international banking corporation course.

MONTREAL OUT AS FIGHT BIDDER

By Telegraph to The Freeman.

New York, March 3.—Montreal faded out of the picture today as a site for the Dempsey-Carpentier fight.

After two days of confabbing with C. E. Graham and his associates from the Canadian city, Tex Rickard announced that he is not ready to give the dominion promoters an answer. He has set March 15 as the date on which he will let Graham know definitely regarding his proposition.

Despite Rickard's apparent interest in the Canadian offer, however, it was learned that Montreal has about one chance in five hundred of landing the match.

Rickard has his heart set on staging the battle in the Metropolitan district and, it is practically certain now that this is exactly what he will do.

"I can not make anything like a definite announcement regarding the Canadian offer or any other plans as yet," said Rickard, today, "but I hope to name the site of the battle by March 15."

Rickard intimated that if plans he has in mind do not miscarry he will have some highly interesting announcements to make, with regard to the staging of the battle. He hinted, also, that "features" he has in mind have nothing to do with the site.

Just as soon as the site is named, Rickard will set about building the arena.

"I intended to start out building an arena to seat some sixty thousand," said the promoter, "but I am wise to building arenas now and if I need more seating space I will be forced to add on to the original structure."

BUSINESS NOTICES.

HORSES AUCTION HORSES

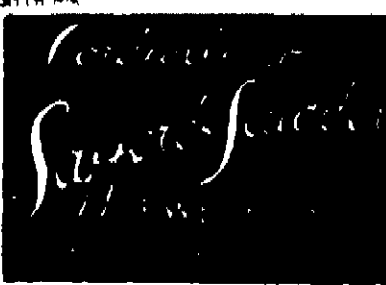

Elmer Palen will have two carloads of horses from Cedar Rapids, Iowa; matched pairs, single horses and plenty of farm chunks. All horses are ready to go to work. Now, men, we had three carloads from there three weeks ago and they were the best lot of horses that has been shipped to Kingston. These two carloads will be just as good. Now is the time to get your horses—they are worth the money. Come and look them over. These carloads of horses will be here Saturday, March 12. Also, don't forget our sale every Tuesday; sale starts one o'clock sharp, rain or shine, at 682-683 Broadway, Kingston, N. Y.

CHURCHES OF AMERICA ARE AGAIN ON THE "HILLS OF PROGRESS"

Official Census of Religions Shows Great Gains—Methodists Losing Churches—Catholic Growth Is Steady But Smaller This Year.

The churches of the United States made a net gain of 667,000 members during 1920, according to a church census compiled by Dr. H. K. Carroll, of Plainfield, N. J., and to be published in the Christian Herald of March 12th. Dr. Carroll compiled the first complete official census of religions in the United States and for several years has compiled an annual census showing the progress of the churches for the Christian Herald.

"The Churches of America in 1919 were in the Slough of Despond," Dr. Carroll says. "In 1920 they are again on the Hills of Progress."

"The rally from the heavy decrease in communicants which marked the returns of most of the churches in 1919, to bounding increases, indicates an evangelistic and parish activity of most hopeful import. The correct returns in 1919, however, are now seen to show a net gain of all the denominations of less than 44,000—the small gain for the enormous denominational equipments of the United States, ever known."

"There has been an immense leap in membership during the past year, showing gains from 44,000 to 667,000. How was this accomplished? It is evident that the setback of 1919 aroused the churches, and the campaign for souls succeeded the campaign for money. Is there a connection between the two, and if so what is it? The result comes from great parish activity, for the public heard little of tabernacle evangelism in the past year. With every pastor doing his duty in gathering in converts, the result must be great."

"It is significant to note that the gains are largest in 1920 where the losses in 1919 were heaviest. Note these figures:

HIGH SCHOOL P. T. A.

Meets Tonight in High School Auditorium.

The advisability of the mayor appointing two women to the board of education when the terms of two present members expire will be discussed tonight at the meeting of the High School Parent-Teacher Association. Robert E. Leitch, Mrs. W. R. Anderson and the Rev. Dr. Leitch Williams have signified their intention of speaking on the subject.

The meeting is open to the public and the opportunity to speak on the subject will be given to all who desire to do so.

Warm Wishes.

THANKS SHIRNERS

For Generous Donations at Armory Ball.

Editor Freeman: The managers of the Industrial Home wish to make public acknowledgment of the thoughtful and generous contribution of the Shirners in giving the recent ball for the benefit of the Home. Thanks are extended to all who in any way contributed to make the ball the great success it proved to be, and to the many people who have shown that they have the interest of little, homeless children at heart, by the way in which they have given their kindly and generous support. (Signed) MRS. E. R. BRIGHAM, President Board of Managers, March 7, 1921.

Sincerely and Truly for School 2.

There was a large and enthusiastic meeting of the Parent-Teacher Association of School No. 2, held at the school on Tuesday afternoon. Mrs. Michael was the speaker for the afternoon, leading an interesting and profitable discussion on the topic, "Privileges that may advantage be afforded children." It was voted to devote \$5 of the funds in the treasury to the purchase of needed records for the manual history classes, and \$2 toward a prize for the same. There was still left in the treasury a balance over \$40. For some time the Parent-Teacher Association has been
